8pm: Northern Ireland: Still a Place of Refuge?

We often think of refugee movement as a modern day occurrence, however there has been a long history of people who have been forced to flee, finding refuge here. Margaret McNulty, EMBRACE Information Officer, will present an overview of the history of refugees coming to the north of Ireland.

The *I am More than a Label* exhibition was created by the Quaker Cottage Teenage Project. It comprises images, video and the reflections of participants and seeks to address prejudice and racism.

EMBRACE materials will be available to view and collect

EMBRACE is a group of Christians from different denominations working together to promote a positive response to people seeking asylum, refugees, migrant workers and people from minority-ethnic backgrounds living in Northern Ireland.
